About This Game

You are Zap, an alien who has always dreamed of saving the galaxy. When robots invade your planet, you're super-psyched and ready for anything! Zap Blastum caters to both hardcore and casual gamers with its intuitive cover shooter gameplay, optional mouse controls, and action-packed tactical combat.

SIMPLE CONTROLS

Streamlined controls bring cover shooter gameplay to anyone who can use a mouse -- without losing any depth. Snap into cover and automatically lean around corners while shooting. Even on a gamepad, just select a target and lock on -- we've removed aiming from the equation.

WARM, COLORFUL, EXPLODE-Y

This is a shooter that's not afraid to be cheerful. Not everyone's into dark and gritty space marines. Zap doesn't fit the stereotype. The robots will never know what hit 'em!

STORY

The game explores impostor syndrome: the tendency to attribute our earned success to luck or deception. Deep down, Zap is haunted by self doubt, and the robots know how to take advantage of it. In a way, your mission is an *internal* one. You can be a hero. Don't listen to the voices that say "No."
